Draft System Basics

Want homebrew on tap at your home?

The January 7th meeting will have two educational components. Besides delighting our palates with off-flavored beer we will be learning the basics of a home draft system. We will see a tap being added to an existing

system.

This will give everyone the basic understanding of modifying a refrigerator for a draft system. After all the higher learning there will then be extensive testing of the new tap to make sure it is in working order with a fresh batch of pale ale!

Directions to January Meeting

To accommodate the draft system educational experience the meeting will be hosted by Adam Stickley at his home. Pizza will be available starting around 6:30p and the meeting will follow at 7:00p. Please email Adam (adam_stickley@hotmail.com) or call him at 508-280-4709 if you are interested in having pizza before the meeting. There will be a nominal charge for pizza to cover costs.
Location:
285 Shootflying Hill Road, Centerville
508-280-4709

Directions:

From Mid-Cape- Take Exit 6 to 132 South. Shootflying Hill Rd is the immediate right hand turn. Bear left at the fork in the road just after the Craigville Motel. No. 285 is less than ½ mile further on the right hand side. If you reach the beach on the left you've gone too far.

From Rt. 28- Turn North onto Old Stage Rd. 2nd right is Shootflying Hill Rd. Go straight at the stop sign and continue until you past the beach at the lake on your right. No. 285 is ¼ mi. past the beach on the left.

January Meeting

Please note this meeting is being held at Adam Stickley's home at 285 Shootflying Hill Road in Centerville (see directions below)

Off-Flavors- When Good Homebrew Goes Bad

Everyone continued to have an interesting time with the off-flavor course. Some of us, I'm not mentioning names, even liked some of the "infected" beer. We'll be continuing with our education at the January meeting (Round 2) so bring your palate and your thirst.
