## **Cape Cod Beer Embraces Fall with a Porter! Cape Cod Porter available starting October 21<sup>st</sup>**

Hyannis, MA – In celebration of the arrival of the fall season, Cape Cod Beer has brewed up "**Cape Cod Porter**", a deliciously dark and malty brew, with a moderate amount of hop character. Porter is a traditional British style, with its roots dating back as early as the 1730's, when a British brewer promoted this dark brew as being richer and more nourishing than ordinary ale, as it was intended for porters and other heavy laborers. Cape Cod Porter is the latest in seasonal beers brewed by Cape Cod Beer, and will be available in Growlers only, directly from the brewery, beginning Friday October 21<sup>st</sup>.

"Our business has been growing so rapidly that we've been going gangbusters brewing up enough Red and IPA to meet demand. It's very exciting when we have an opportunity to sneak in a batch of something special, like the porter." explains Brewmaster Todd Marcus. A big fan of porters himself, Marcus admits even he has been counting the days until its ready to drink. Brewed as a single 7-barrel batch, Cape Cod Porter will only be available at the brewery – and only until it runs out.

Cape Cod Beer is Cape Cod's only microbrewery, located at 720 Main Street, Hyannis, Massachusetts, with beer on tap at 50 restaurants and bars in the Mid Cape area. Cape Cod Beer is also available in 64 oz refillable bottles (called growlers), available at the brewery and selected local liquor stores in the mid-Cape and upper-Cape area. Cape Cod Beer produces two standard offerings: Cape Cod Red and Cape Cod IPA, plus seasonal favorites such as Berry Merry Christmas Ale, Spiced Red Ale, Stellwagen Stout, and Cape Cod Summer.
